

# THE **FORMULA** FOR AN **AGELESS BODY**

A better body with  
every passing year.

**Look!**  
**I'm 56**

and you will discover the  
secret to an ageless body.

I know the way to achieve  
a better appearance than 99%  
of people half your age with  
little effort.

Whether you are a man or  
woman – my advice to you is  
the same.

Just as wine gets better with age, a person's body can  
also become better looking with the passing of time.

There is only one way this is possible – MY WAY.
